FIND STANDARD-, SUPPLIER- AND COMPANY PARTS WITH
CADENAS' INTELLIGENT SEARCH METHODS

2013

LEAVE THE DAILY ROUTINE AT THE OFFICE

...and have fun! We think that extraordinary technology needs an extraordinary calendar, since it's the best way for both men and women to keep things in mind.

Let us show you, how appealing our solutions are!

INTELLIGENT FINDING – SIMPLE AND COMPREHENSIBLE FOR EVERYBODY

CADENAS offers engineers and buyers completely new methods to find product information and CAD data of standard, supplier and company parts in an intelligent way. We will show you, how our innovative search methods help you to intuitively find the best engineering component for your design.

So this means in future you will escape the »daily routine at the office«, and not only figuratively: The search methods of the Strategic Parts Management PARTsolutions by CADENAS are intuitively useable and make your work incredibly easy, so quitting time will be just around the corner.

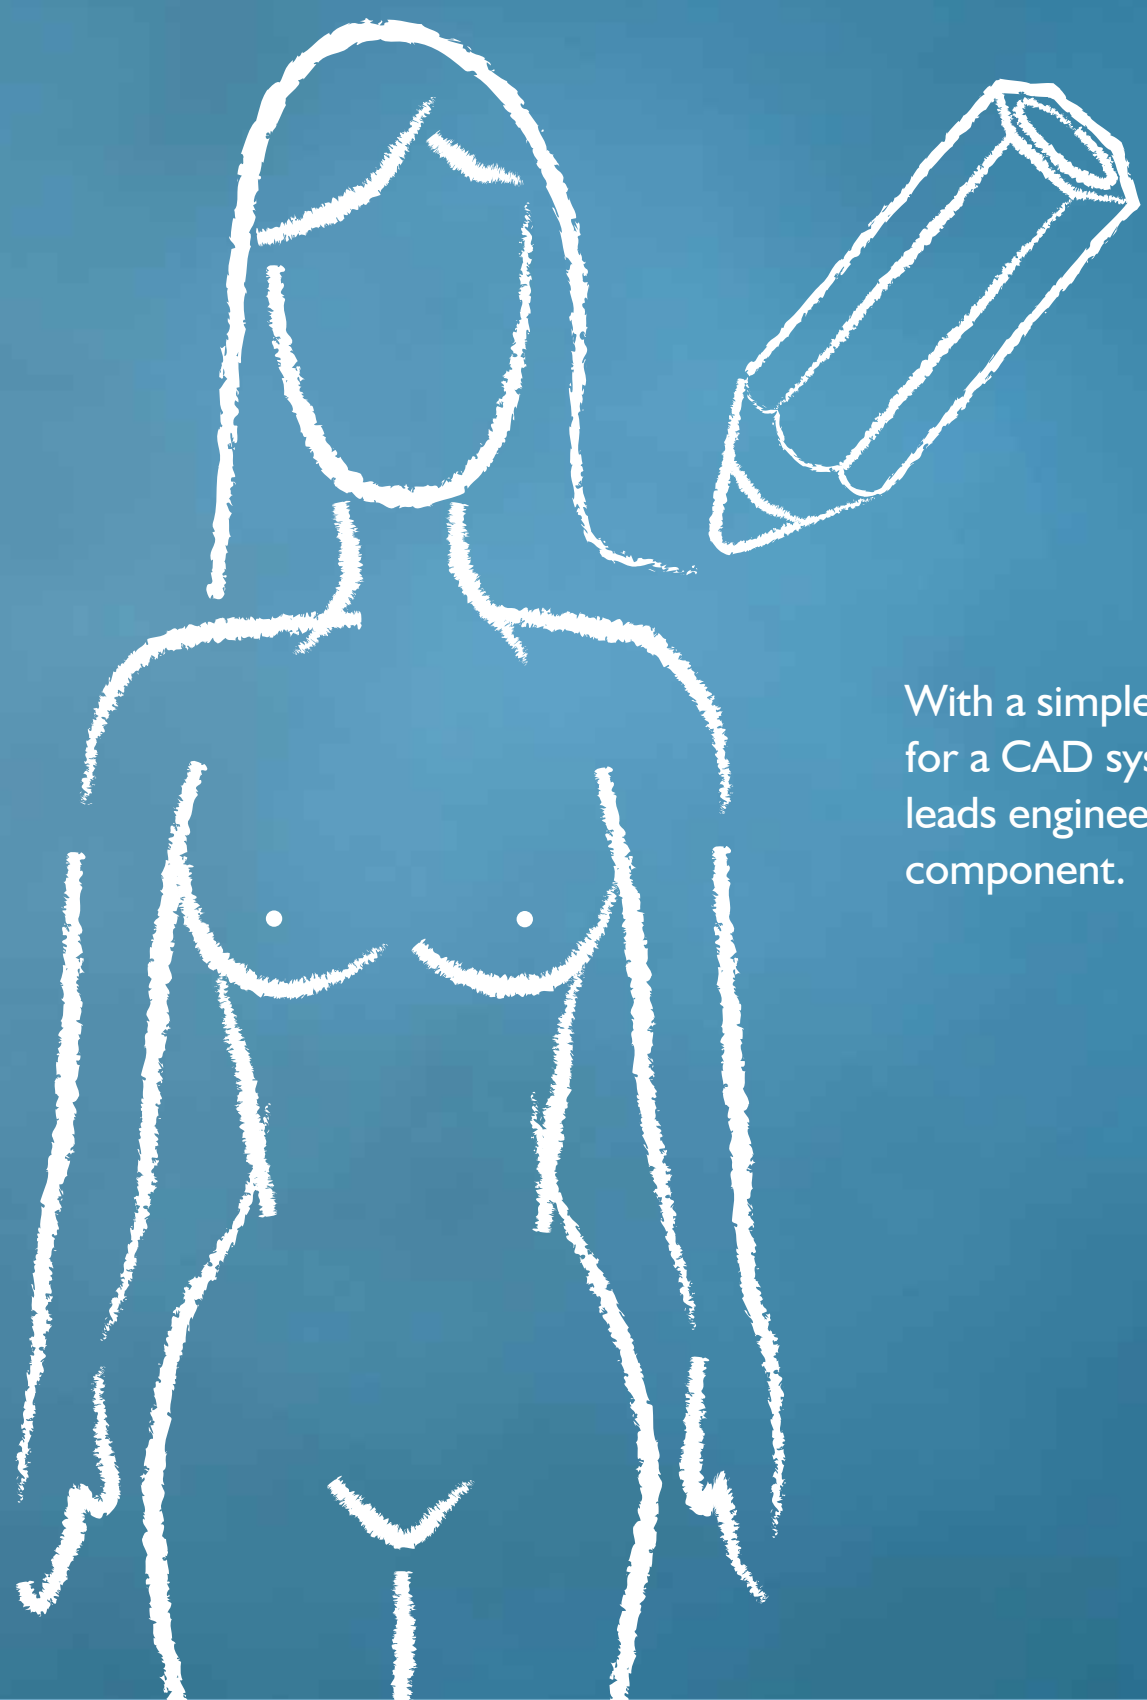

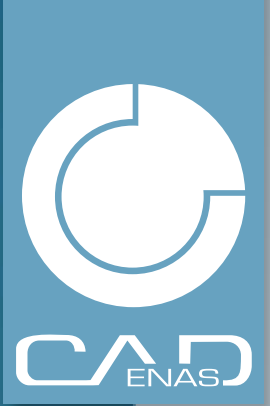

IMPORTANT!

So that everybody gets their money's worth, the calendar is a reverse calendar. Just pick out yourself which side you prefer!

SEARCH BY SKETCHING (2D)

With a simple drawing and no need for a CAD system, the search by sketch leads engineers and buyers to the right component.
