Statement for New Licensing Agreement due to (please check one):

Change from host-id to dongle

If you use CADENAS software with a license for a host-id and you are changing to the usage of a dongle, you need a new license file. The license currently used may not be used in future. A precondition for the new license is the removal of the "old" default.cli from the presently used systems. Hereby we confirm that the CADENAS software is no longer used with a host-id and the "old" default.cli-file has been deleted.

Hardware change or system change

Statement of the deletion of CADENAS software:

If you want use CADENAS software on a different server, platform, or PC, you need a new license. A precondition for the new license is the total deletion of the CADENAS software from the presently used system. Hereby we confirm that CADENAS software is no longer used on the following system(s) with the following host-id/ cpu-id, and has been deleted from these machines:

New host-id: _____

We agree to pay a penalty of 10.000 Euro to CADENAS in each case of infringement of the license. In addition, CADENAS reserves the right of further claim in tort.
